DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 33, 34, 38 and 39 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. It is not known from the specification how pivotably joining pipe sections to each other can shorten the formed intermediate conduit or how rolling up the intermediate conduit can elongate the conduit.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 24-26, 29-34 and 37-39 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The recitation in claim 24 that the distribution boom is "designed to also be the lift device" is vague and indefinite. The recitation in claims 25, 26, and 37 of "in the form" is vague and indefinite. In claims 29-32, "the vehicle chassis" lacks antecedent basis. In addition, claims 33, 34, 38 and 39

Art Unit: 3753

are rejected as being vague and indefinite for the reason explained in the above paragraph.

Allowable Subject Matter

Claims 22, 23, 27, 28, 35, 36, 40 and 41 are allowed.

Claims 24-26, 29-34 and 37-39 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
